

NO BORDERS

INTRODUCTION

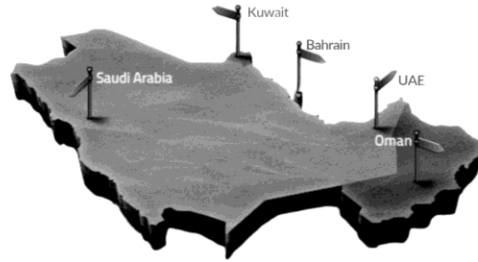

- ☞ No Borders is one dynamic organisation, Engaged in provision of top quality apparels and a large range of genuine leather products.
- ☞ We are specialised in OEM services and offer our customers innovative and creative range of products without any limitations as to design and customisations.
- ☞ We believe in total Quality Management, therefore our mostly materials are organically sourced right from their origin, our highly skilled labor force then translated the conceptual ideas of customers into reality rendering the best possible outcome.
- ☞ We achieve customer satisfaction with our innovative and modern technology incorporated with experts' knowledge and most importantly the right mindset without any compromise on Health, Safety and Environment. That's why NO-BORDERS is the priority of any buyer.

CEO'S WORDS

" We believe in provision of clothing that will raise GCC standards and make them compete internationally. A strong economy depends on the wellbeing of manpower whether they are workers, employees or students. We assure our buyers the highest standards of the smallest details that will make a difference in any persons' efficiency. "

• A great society starts with a small family where a father will always want a better life for his children and it grows to a society that cares about a cleaner earth for the new generations •

VISION ☉ To raise the Gulf country clothing standards by having more organic, less chemical and synthetic materials and introducing recycling to provide better organic fabric rates.

MISSION ☉ To Cooperate with government, private sectors and individuals to share our message and provide the best clean and earth friendly biodegradable product.

OUR MERITS

Assisting customers to reach their goals by studying the market and providing the best product is our priority.

We follow health, safety and environmental standards.

We ensure quality assurances at stages, from selecting of the best material to manufacturing to supplying, each phase has independent Quality Control Standards, that promises our final product with '0' errors.

Doing Ethical business dealing with organic paints and mostly organic fabric.

BUSINESS ETHICS

At No Borders we believe in TQM (Total Quality Management) that can only be achieved using high quality work standards.

From choosing the right materials such as:
